### REASONS FOR ALLOWANCE

Claims 1 – 35 are allowable.

The following is an examiner's statement of reasons for allowance:

With regards to claim 1, the examiner cannot find any applicable prior art / suggestion disclosing an image synthesizing section that generates a synthesized image by synthesizing an image signal of a reflected light image sensed by an image sensed by an image pickup element and obtained by illuminating body tissue with said illumination light and an image signal of a fluorescent image sensed by said image pickup element and obtained by illuminating said body tissue with said excitation light, wherein said *body tissue is sequentially and non-concurrently illuminated by said illumination light and said excitation light* in combination with the rest of the limitations of claim 1.

With regards to claims 11, 15 and 19 see the rationale for claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
